

Orange County CAMB Industry Partner Information

be a camb industry partner

Make an Impact on CAMB Members and the Mortgage Industry in California

The Orange County California Association of Mortgage Brokers Industry Partner Presidential sponsorship program provides companies with the opportunity to participate in a mutually beneficial relationship. It is an excellent way to increase visibility and form lasting relationships with a wide variety of individuals and organizations dedicated to increasing diversity in the Mortgage Industry. The program includes attractive benefits for partners while providing important contribution to the Association.

By empowering CAMB to act more effectively on the many issues of significance to its membership, Industry Partners make a direct impact upon both the Association and the mortgage industry in California.

Each of the four levels of participation brings unique advantages to the Industry Partner, including recognition at OCCAMB events throughout the year, speaking time, marketing and advertising of the Industry Partner. An Industry Partner also receives benefits at the regional meetings, education meetings and Annual Events such as Casino Night Fund Raiser, Golf Tournament and Trade Show for mortgage professionals hosted by Orange County CAMB. Please review the details of each level and make a decision to provide additional support to the Orange County California Association of Mortgage Brokers. Your contribution will enable the Association to work proactively on key issues that affect mortgage professionals and will bring your company to the forefront as a leader in the industry.

Orange County Chapter
